Berlin in high demand for digital conferences

An increasing number of innovation, IT, and digital events are taking place in Berlin. At least one event on global digitalisation is held in the city each week on average. Berlin's event industry offers high-quality service, and is closely linked to the city's technology and science scene. This makes Berlin an ideal location for future-oriented events.

The focus of attention at the *ibtm world* in Barcelona are innovative services offered by the *visitBerlin* Berlin Convention Office: MEET+CHANGE is a new and sustainable event concept and the Berlin Speakers Pool helps organisers to find suitable high-calibre speakers, local experts, and moderators for their programme. The extensive search engine Meeting Guide Berlin lists numerous locations, hotels, incentives and service providers for event planners.
